

Relax, unwind and rejuvenate

IN JUST seven to 10 days' time, you could be reclining in your back garden in your own private, bubbling hot tub, feeling the everyday aches and tensions just drift away – all you need to do is pop in to Charnwood Spas & Landscapes this Bank Holiday Weekend.

This exciting new hot tub showroom is run by a local family, the same successful team behind its trusted sister company, Charnwood Home Improvements, which has been providing Leicester's homeowners with uPVC windows, doors, conservatories, new kitchens and garage conversions for more than 15 years.

The new showroom – featuring both sides of the business – opens its doors for the first time tomorrow, in Leicester's Highcross Street, with an offer that's impossible to resist.

"Subject to availability, we can install your hot tub so it's ready for you to enjoy within seven days," says co-owner James Pitsillides. "We're also giving away a package with each tub worth £750."

"Normally, you'd pay extra for chemical packs, installation, electrics and the general commissioning of the hot tub, but you won't have to if you come along and choose your hot tub this weekend," he explains.

Dimension One is the exclusive brand on offer at Charnwood Spas & Landscapes. It's already a household name in the balmy suburban districts of the United States and James says you won't find it anywhere else in Leicestershire.

It's also has a patented ultrapure water management system, making it the only virtually-chemical-free tub in existence. This makes the frothing

water kinder to your skin so you can stay under the bubbles for even longer, while the patented massage sequencer works its magic from top to toe – without you having to lift a finger.

Unlike most of its competitors – which require hot tub owners to carry out the tiresome chore of adding up to three tablespoons of chlorine to their tub per day – Dimension One tubs need only one teaspoon a week, thus keeping the need for unnatural and costly chemicals to a minimum and leaving you more time to enjoy your outdoor spa – whatever the weather.

If you're unable to take advantage of this special, limited offer, you're more than welcome to book a private appointment to experience a hot tub at first hand on a Thursday evening.

Bring your swimming cozzies, some friends and family and allow the showroom's ambient, private mood room help you forget about your hectic day.

"Our so-called 'wet-test' Thursdays are an excellent way for people to try out a hot tub without the commitment," says James. "And because we're open until 8pm, it gives people time to get home from work, grab their swimwear and come along for a luxurious soak," says Mark.

Showroom opening times are from 10am to 6pm, from Monday to Wednesday, Friday and Sunday. On Thursdays, the showroom is open from 10am to 8pm.

But you probably won't want to wait until then to pick out your lavish, all-weather hot tub. Read up about Dimension One's unique features at www.charnwoodspas.com and then take the family down to the showroom today, tomorrow or Bank Holiday Monday.

THE GREAT OUTDOORS: A stylishly designed hot tub area is a real focal point

CHOICE: There are a variety of hot tubs to choose from

BLISS: You work hard so why not play soft in the invigorating waters of a hot tub?
