

WORTH A VISIT: There is so much to view at the Low Woods showroom you will need to set aside at least a couple of hours

DESIGN: There are lots of artistic decorations

PRE-SUMMER SALE AT **LOW WOODS FURNISHINGS**

Once you've decided it's time to get that long-awaited redecoration project under way, one of the most tedious tasks you face is trudging around numerous fabric and design shops in search of your new colour and fabric scheme.

CUSHIONS: Splash of colour

Not only is it time-consuming, it's also pretty overwhelming, unless you happen to have a natural flair for interior design.

And then there's the added expense of buying a top quality fabric, not to mention any professional advice you're going to need to pull the whole look together. And that's before you've even thought about finding someone to make your curtains.

Wouldn't it be fantastic if there was one place you could visit that could provide you with the biggest combined selection of fabric rolls and fabric books for miles around, with friendly, professional support and advice thrown in for free?

The good news is that such a designer's nirvana does indeed exist, on a former farm, of all places – and you won't even have to cross the county's borders to experience it.

For the past 24 years, Low Woods Furnishings, in Low Woods Lane, Belton, near Loughborough, has provided the answer to just about every

home furnishing dilemma there is – and with 80,000 metres of fabric continuously in stock, as well as several hundred fabric books boasting the best names in the business – you're sure to find those perfect colour and fabric combinations which have eluded you up until now.

Better still, they have an in-house workshop to transform your ideas into hand-made soft furnishings in less than eight weeks. And unlike many of Low Woods' competitors, they won't charge you for estimates.

And you'll be delighted to know that your project just got a whole lot cheaper, thanks to the Low Woods pre-summer sale, which lasts from April 26 to May 25.

There will be £1 per metre off all fabrics in stock and 20 per cent off the entire ranges of Sanderson, Harlequin and Romo to order.

The sale also includes a new delivery of sale fabric at £2.50 per metre, at these prices they are not expected to hang about for long, so act quickly to ensure

you don't miss out.

Romo, Voyage, Harlequin, Crowson, Monkwell, Zoffany, Sanderson – all the names of the fabric makers housed in Low Woods' exhaustive archives offer inspiration and quality, regardless of whether you're after a contemporary or traditional look.

This astounding range has recently expanded to include furniture and home accessories in recent years, which means it's far easier for you to co-ordinate the entire look of a room at one sitting – and all under one roof.

Contemporary solid wood dining furniture from Halo will be subject to a 10 per cent discount, as is Low Woods' selection of dreamy and exquisite French-style painted bedroom furniture – perfect for adding a touch of elegance to your sleeping quarters.

And if your bed linen is looking tired, discoloured and dreary, the irresistible Ditton Hill range – featuring sumptuous fabrics in oyster, creams and aqua – provides the perfect excuse to replace it – and all at a discounted price.

Interior design is clearly the number one passion of every member of the team, although in very different ways, as co-director Vicki Hobden explains.

"We certainly all have very different tastes," she smiles. "I'm definitely more from the classical school, but two of our staff love anything contemporary.

QUALITY FABRICS: There are some 80,000 metres of fabrics continuously in stock

"We always try to be helpful to people – they bring in rugs, plates, pictures – anything that will give us a starting point for the colours that will work best."

"We also find that our displays provide people with inspiration for basic colour schemes. A lot of our regulars pop in just to see the new displays," she says.

One clear benefit of this unflagging enthusiasm is a knowledge of the most recent collections, colours and those about to launch – Low Woods is one of the first in the region to stock the

debut soft furnishings ranges of Monsoon and Hobbs.

Put your trust in Low Woods and you can be sure of the best practical and creative advice, based on years of combined experience. Yet all you will pay for is the fabric and the accessories.

Once you discover Low Woods Furnishings – tucked away unassumingly at the end of a winding country lane, off the A412 – you'll feel as though you've been let into a highly-privileged secret. And that's exactly how this trusted family-run busi-

ness is viewed by its many loyal and long-standing clients.

Visit Vicki and the rest of the Low Woods team now and make a start on the much-needed interior overhaul you've been promising yourself for years.

Close to M1 Junction 23 and within 15 minutes of the M42 Low Woods is within easy reach of customers throughout the Midlands.
